4. [redacted] army leaders have sent to Sukarno a letter in which they demand that the charge of army collusion with CIA be investigated. If the army is proved to be guilty the signers of the letter offer to be hanged. If the charges prove false, the army wants its accusers (who include Foreign Minister Subandrio) hung.

25X1

[redacted] The letter is apparently a direct challenge to Sukarno. Nasution made public reference to it in a statement on 9 November.
